

This letter is in regards to the NAB petition 04-160. I am an XM subscriber, and one of the the selling points for XM Radio is the 24hr local Weather and Traffic. I love the breadth of programming satellite radio offers, and the reason I pay \$9.99

a month is because I do not choose to listen to Clear Channel, InFinity, Bonneville, Emmis or whatever national radio network. These huge radio networks have been stifling creativity, and limiting local access on my "local" channels for years, and now they are trying to stifle the truly local experience on my pay service. Please defeat Petition 04-160.

Thank You,
Chris Sabol
